

Brampton – A Global Leader In Community Safety

Brampton has been designated as an International Safe Community by the World Health Organization since 2007. We have hundreds of programs to support children's and youth safety, fire safety, crime reduction, road and workplace safety, emergency preparedness and seniors' safety.

Our city has a growing network of citizens, schools, businesses, public agencies, service clubs, emergency services and police working together to educate and engage people of all ages in safety. **We invite you to be part of this incredible community partnership.**

For a start, join us at our annual golf tournament, then ask us to tell you more about our programs and people, and how we can help you keep your home, your family and your business safe from crime and injury.

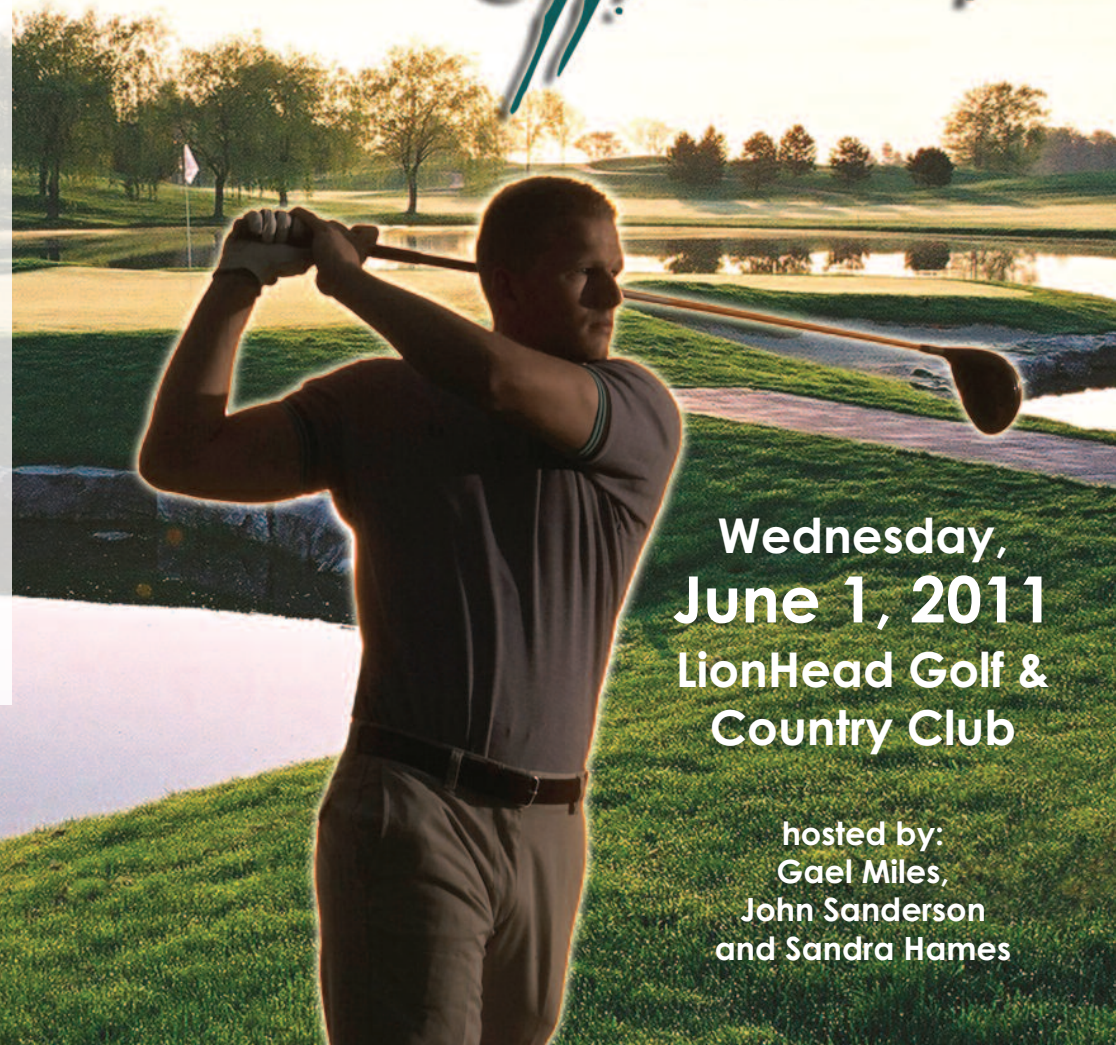

Thanks to our major 2010 Sponsors for their generosity last year.
